Easy installation in three simple steps

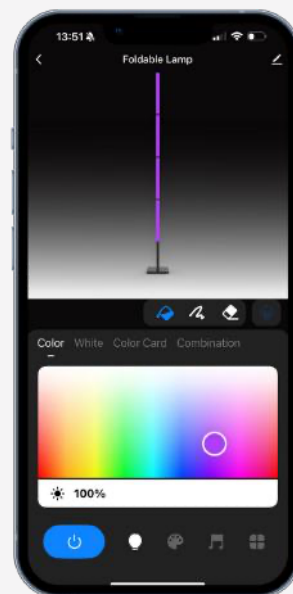

Step 1

Install the Calex app
on your phone or
tablet

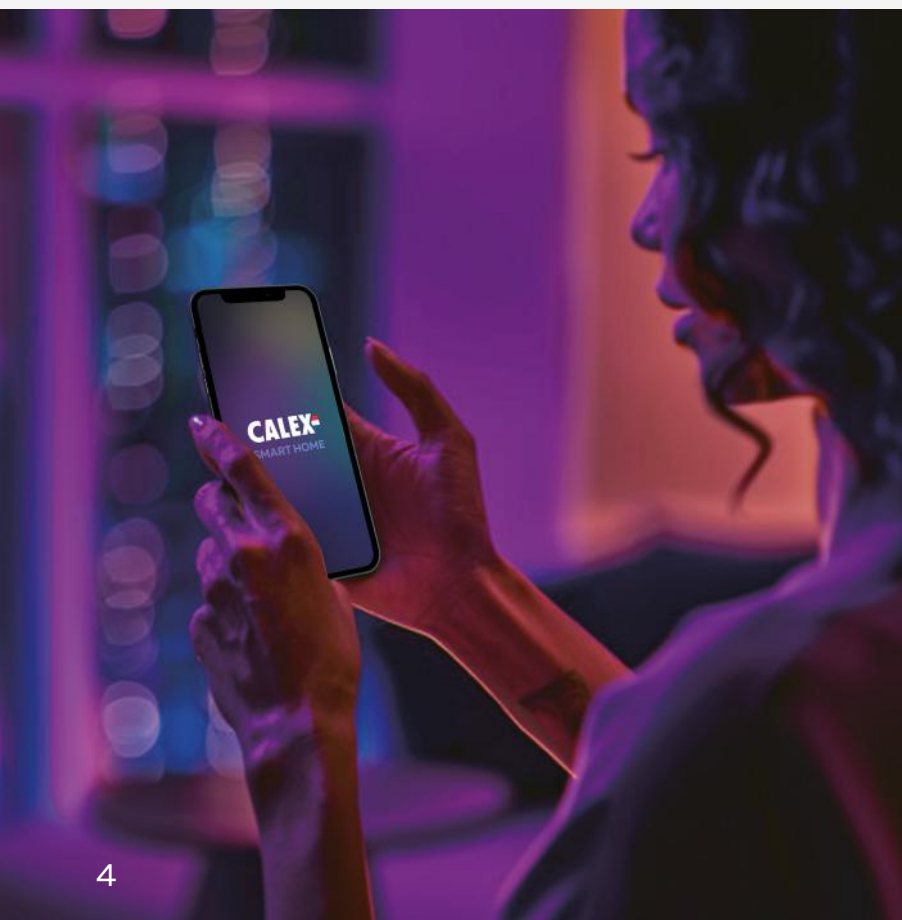

Step 2

Install your smart
items and add it to
the Calex app

Step 3

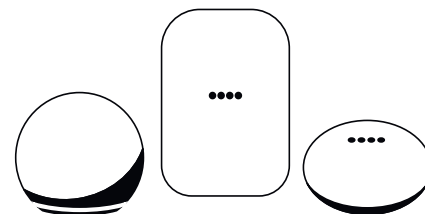

Manage your items
wherever you are

**Download the
free Calex app**

Available for
iOS & Android

Works with voice command

Call out what you want your
Calex Smart product to do
for you.

Works with free CALEX app

The Calex Smart items are
super easy to operate with
the free Calex App.

Works with various major Smart assistants

The voice control function on most of our smart bulbs and devices
lets you control them with spoken commands.
Use your voice to change the settings of your bulbs or simply acti-
vate your items. Please note, not all items have this function.

Please check the packaging of the product for
compatibility with voice command.

Ceiling Lights

Illuminate your ceiling and living space using the Halo ceiling lights. Select from a diverse range of ceiling lights and downlights to suit your preferences. Whether you're looking for ambient, accent, or task lighting, Halo offers smart solutions to elevate any room. These lights are designed with both style and functionality in mind, making them perfect for living rooms, kitchens, hallways, and bedrooms. Establish timers and tailor your Halo lights to match your individual desires and daily routines. Seamlessly link them to the free CALEX app on your smartphone or tablet and indulge in customizable scenarios. Adjust brightness levels, create schedules, or sync your lighting with your lifestyle for ultimate convenience.

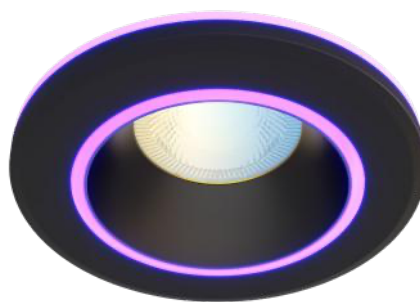

Fun fact about the Halo's: you can set two different colors at the same time. Choose from different shades of white for your main light source—ranging from warm white for cozy evenings to cool white for focused tasks—and select your favorite color options for the ring around the fixture. This will create a playful and unique effect! The dynamic dual-light design not only adds a modern touch but also enhances mood and atmosphere, perfect for setting the tone in any space.

Recessed Downlights

Upgrade your lighting with our Smart Recessed Downlights, designed to bring modern convenience and style to any space. These sleek, low-profile fixtures are not only energy-efficient but also fully dimmable and adjustable—putting the power of perfect lighting right at your fingertips. Easily control brightness, color temperature, and even set schedules using our free app, compatible with both iOS and Android devices.

Key Features:

- No hub required. Control your lights anytime, anywhere via the free CALEX app.
- Adjust brightness from 1% to 100% to suit any mood or task.
- Choose from warm to cool white to match your environment.
- Fits standard recessed housings with quick-connect wiring.
- Works with Alexa and Google Assistant for hands-free control.

Discover the power of Bluetooth Mesh

A bluetooth mesh network consists of a hub and one or more bluetooth mesh devices which pick up and extend the signal as long as they are within range (max. 15m) of each other. Thus greatly improving the range outside your home.

All it requires is having the calexLINK hub set-up within your local WiFi (2.4 GHz) network. The calexLINK connects WiFi to Bluetooth.

All-in-one App

The calexLINK is fully integrated with the Calex Smart App, easy to install in 3 simple steps and works with Amazon Alexa, Google Home and Apple's Siri Shortcuts.

The calexLINK is sold seperately.

Safety first!

Upgrade your home's protection with our Smart Home Security System. Monitor every corner of your property in real-time with HD cameras and receive instant alerts on your smartphone. Protect your home's entry points with our Smart Sensors. Receive notifications when windows or doors are opened or tampered with, or when movement is detected. These discrete and easy-to-install sensors are an essential layer of security for any home.

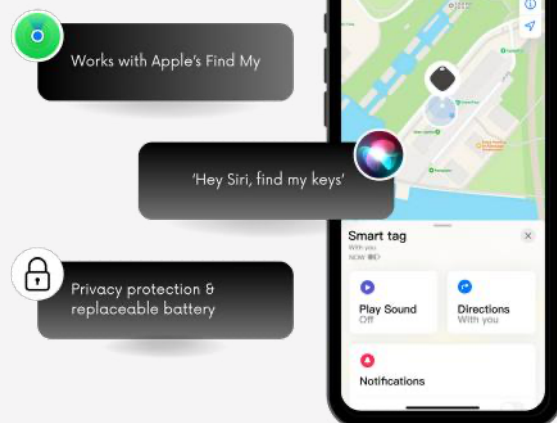

Never lose track of your valuable belongings again with the Smart Tag. This small, sleek, and powerful device is designed to help you keep tabs on your most important items, from keys and wallets to bags and backpacks.

Cameras

Stay connected and informed with the HD Calex Smart cameras. One of the standout features of these cameras is their motion detection capability. By utilizing sophisticated technology, they can sense movement and send you notifications directly to your phone. This means you'll always be aware of any activity happening in the areas you're monitoring. Our Smart cameras offers secure cloud storage, ensuring that your data is protected and accessible only to you.

Save energy and money!

Transform any regular appliance into a remotely controllable device, even if it's not inherently "smart." The Calnex smart plug empowers you to take charge of your appliances using various methods, enhancing your daily life in remarkable ways. Beyond convenience, Calnex smart plugs also provide a notable benefit for energy management. By being able to remotely turn off devices that are not in use, you can significantly reduce energy consumption with the built-in energy meter in our newest smart plug.

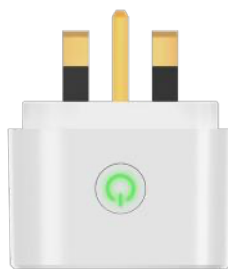

In fact, these smart plugs have the potential to contribute to up to 40% savings on your energy bill. This not only benefits your wallet but also aligns with eco-friendly practices by reducing unnecessary energy usage.

STYLE IT!

With their portable design and cordless operation, our rechargeable outdoor fixtures offer unmatched versatility. Say goodbye to the hassle of extension cords and limited power sources—simply charge them up and place them wherever you need light, whether it's your living room or outdoor dining area. Featuring adjustable brightness settings, our fixtures allow you to customize the ambiance to suit any occasion. Whether you're hosting a lively outdoor gathering or enjoying a quiet evening under the stars, our fixtures provide the perfect level of illumination to set the mood.

Powered by long-lasting rechargeable batteries, our fixtures deliver hours of continuous light on a single charge, ensuring uninterrupted enjoyment of your outdoor spaces. Plus, with their energy-efficient LED technology, you can enjoy bright, reliable light without worrying about excessive power consumption.

Sleek and modern, the U-line & minimalistic collection

The black minimalistic floor and table lamp, designed for a single bulb, epitomizes sleek modern elegance. Its slender, matte black frame offers a striking yet unobtrusive presence, seamlessly blending into any contemporary space. The floor lamp stands tall with a graceful silhouette, providing ample illumination without overwhelming the room. The matching table lamp, compact yet equally refined, complements its floor-standing counterpart, perfect for desks or bedside tables.

STYLE IT!

Select a tripod table fixture that matches the overall style of the room. Whether your space is contemporary, industrial, minimalist, or eclectic, there are tripod fixtures available to suit your aesthetic. Decide where you want to place the tripod table fixture. It could be on a side table, console table, bedside table, or even a desk. Consider the room's layout and the function of the table where the fixture will be placed. Ensure that the colors of the tripod fixture's base, bulb, and the room's color scheme work together cohesively. You can choose matching colors for a seamless look or complementary colors for a pop of contrast.

A perfect match, the Single & Multi Cord Sets

Illuminate your surroundings in style. Our Cord Sets and XXL bulbs are a perfect match. The Multi Cord sets come with a ceiling plate that's designed to accommodate most standard sizes and shapes of dining room tables. Our single pendant options offer flexibility in use. Use them as charming nightlights, allowing a soft and comforting glow to your bedside.

The user-friendly design ensures hassle-free installation, even for those with minimal DIY experience.

A perfect match, the Single & Multi Cord Sets

Pendant light fixtures with GU10 fittings are a popular choice for modern interiors, combining style, flexibility, and functionality. Whether used individually or grouped for dramatic effect, these fixtures offer a sleek lighting solution suitable for kitchens, dining areas, offices, and even commercial spaces. One of the major benefits of GU10-compatible pendants is their compatibility with energy-efficient LED bulbs, allowing for long-lasting and eco-conscious illumination. Their focused beam output makes them ideal for task lighting over countertops, workspaces, or dining tables, while also providing opportunities for layered lighting schemes when combined with ambient fixtures.

Spotlights,

Single & Multi spotlights

This elegant collection of spotlights combines modern functionality with timeless style. Finished in matte black and accented with refined gold details, each piece brings a touch of sophistication to any interior.

Available in one, two, or three adjustable heads, the spotlights offer versatile lighting solutions tailored to your needs. The single-head version provides focused illumination, ideal for highlighting art, workspaces, or cozy corners. The double-head design delivers flexible coverage with two adjustable beams, balancing practicality and elegance. For maximum impact, the triple-head spotlight offers bold design and extensive reach, with each head independently adjustable for precise direction. Together, these black-and-gold spotlights create a cohesive collection that enhances both atmosphere and style.

Soft and radiant, the fabric Ceiling Lights

Bring calm, style, and warmth into your interior with our fabric ceiling lights. The soft textile gently diffuses the light, creating a pleasant and homely atmosphere. Thanks to their neutral color, these lights blend seamlessly into both modern and classic interiors. The simple, timeless design makes them highly versatile: perfect for the living room, bedroom, or dining area. The fabric shade not only adds an elegant touch but also softens the light, ensuring a warm glow without glare. Whether you prefer a minimalist look or a larger model as a statement piece, our fabric ceiling lights combine functionality with refined aesthetics.

On track, Customize your own tracklights

Bring flexibility and modern style into your space with our versatile track lighting systems. Designed to combine form and function, track lights let you highlight artwork, accent architectural features, or brighten entire rooms with precision. These lights easily adapt to contemporary, industrial, or minimalist interiors. Adjustable heads allow you to direct light exactly where you need it. With energy-efficient LED options and dimmable models, our track lighting solutions provide both ambiance and practicality. Installation is simple, and the modular design means you can expand or rearrange as your lighting needs change.

EASY SOLUTIONS

With the Spot On series

Get familiar with the Calnex Spot On series – the smart, powerless lighting solution for every surface and corner of your home. Whether you're brightening up a dark closet, adding extra light in the hallway, or illuminating an outdoor shed or garden path, Spot On has you covered. This innovative collection is designed for those tricky spaces where traditional lighting just isn't an option. No outlets? No problem. Each Spot On light is either battery powered, USB rechargeable, or solar powered, giving you complete freedom to light up your space without needing to plug in. With directional lighting, you can point the beam exactly where it's needed, bringing clarity and convenience to even the darkest spots. Stylish, practical, and incredibly easy to install, the Calnex Spot On series is the perfect solution for homes that need a little extra light—wherever that may be.

Small and unique, the Magneto and Inception bulbs

Magneto

Experience lighting like never before with our revolutionary Magneto series, featuring an ingenious magnetic filament design. Crafted for those who appreciate the fusion of innovation and aesthetics, these bulbs redefine how light can transform a space. Make a statement, spark conversations, and bask in the radiance of a new era in lighting.

Inception

Make a statement with the mesmerizing Inception LED Lamp, a true masterpiece that's destined to captivate every gaze. With no visible filament, the light emitted from the socket dances within the black-gold gradient coating. Witness the magic as the mirror effect creates an enchanting illusion of light gracefully suspended within the lamp, adding an ethereal touch to your space.

Diffused lighting

with the black top mirrors

Elevate your lighting from functional to artistic. These bulbs are a vital component of our esteemed Black & Gold series. The interplay between the matt black coated top and the illuminated bottom creates a dynamic contrast that captures attention and adds depth to any environment.

The LED technology boasts an impressive lifespan, ensuring that these bulbs will grace your space with their captivating illumination for years to come. Say goodbye to frequent bulb replacements and embrace a sustainable lighting solution.

STYLE IT!

Elevate your space with the timeless sophistication of our Gold Tripod Lighting Fixture—a perfect blend of vintage charm and modern minimalism. With its gleaming metallic finish and sleek, architectural lines, this statement piece adds a touch of luxury to any interior. Standing gracefully on three slender legs, the tripod base offers both stability and style. The warm gold tone catches the light beautifully, casting a soft, ambient glow that transforms any room into a haven of warmth and refinement. Whether placed in a cozy reading nook, beside a contemporary sofa, or in a chic office corner, this lighting fixture becomes an instant focal point. Ideal for those who appreciate design that's both functional and fashionable

Shiny and fashionable, the golden top mirrors

Light up your interior with the lush models from the Calnex Black & Gold collection. Combine products and complete the look for the full luxurious ambiance experience. Creating an elegant style has never been easier!

STYLE IT!

The more the merrier! With the black ceiling plate of 130cm long with 5 access points for bulbs you can easily create your own look. Choose your cable length, color and a lampholder that represents your style best. The Basic Brass lampholder looks great in combination with the gold Top Mirror bulbs. *(CALEX TIP: For a softer touch to the complete set, choose a grey cable instead of black.)*

Palace vibes with the black baroque

Fall in love with Versailles. The Baroque style bulb matches that of the architecture, paintings, sculptures and other forms of arts that flourished in the early 17th century until the 1740's. This robust, yet romantic, bulb is ready to set the mood in your interior.

STYLE IT!

Because the Baroque bulb is a statement piece on its own, we like to style it with the basic black lamp holder and black cable from the Creations collection. A simple combination that blends together perfectly.

(CALEX TIP: Change the cable color for a more playfull effect.)

Fusion, perfectly blending together

Elevate your interior with the Fusion Sundsvall – a stunning bulb-in-bulb design that combines modern elegance with a touch of vintage charm. Available exclusively in a luxurious gold coating, this eye-catching piece is more than just a lightbulb – it's a statement.

The outer bulb features crystal-clear glass that beautifully showcases the inner silhouette, where a delicately curled filament glows with warm, inviting light. Its unique dual-layer construction creates depth and dimension, making it the perfect centerpiece for your dining room, kitchen island, or any space in need of a stylish accent. The Fusion Sundsvall adds a refined brilliance to any décor – but it'll look especially stunning in yours.

Vintage feelings

with the Pulse collection

Revitalize your interior with a surprising upgrade. These bulbs evoke the vibrant essence of the 70s and seamlessly complement diverse interior styles. Crafted through meticulous mouthblowing techniques, each bulb is available in two distinct coatings: a comforting Amber hue and a sophisticated Smoky shade.

Gradient tones, the charming colors elegance series

These bulbs create a super luxurious feel and a timeless aesthetic. Their warm, rich tone resonates with the comfort and elegance associated with the world of bourbon, enhancing the atmosphere of any room they grace. These bulbs are more than just light sources you implement in your interior, they are design statements that are made to be seen!

STYLE IT!

Why settle for ordinary when your lighting can be extraordinary? Transform your bulbs into bold design statements by adding your own creative twist. Switch things up with a unique fitting – a small change that can completely redefine the vibe of your space. Whether you're going for sleek modern minimalism, timeless classic elegance, or a raw industrial edge, the right fixture sets the tone.. *(CALEX TIP: Place Cable holders to your ceiling and create a stylish spider. This technique not only provides additional lighting but also adds an artistic touch to your ceiling.)*

Mirror-like finishes

With the XXL Titaniums

Bring a sleek, modern touch to your lighting design with our Titanium XXL Bulbs. These uniquely styled bulbs feature a reflective silver finish that not only enhances aesthetics but also provides a functional advantage by directing light away from the base, reducing glare and creating a softer, ambient glow. Ideal for decorative fixtures, pendant lights, and open socket designs, they offer both form and function—perfect for spaces where lighting should stand out and stay subtle at the same time.

STYLE IT!

The Titanium range of silver mirror coated bulbs is a versatile choice for elevating interior spaces with both style and function. These bulbs harmonize beautifully with a wide range of color palettes—from deep, dramatic tones to light, neutral interiors—making them a natural fit for any aesthetic. Use them in pendant lights above kitchen islands or dining tables to create intimate pools of light without harsh shadows. In living areas, they shine in open socket fixtures or sculptural floor lamps where the bulb itself becomes part of the visual statement. They also bring a modern touch to bedrooms when paired with minimalist wall sconces or bedside lamps. Available in multiple shapes and sizes, the Titanium bulbs offer endless creative possibilities for layering light and adding character to every corner of your home or project.

Gold hues

with the XXL Gold series

Bring a touch of timeless elegance into your home with gold-coated LED bulbs. Designed to combine modern efficiency with classic charm, these bulbs emit a soft light that instantly creates a warm and cozy atmosphere. The subtle gold tint on the glass adds a layer of sophistication while gently diffusing the light, reducing harsh glare and creating a soothing ambiance perfect for relaxing evenings, intimate dinners, or welcoming guests. Eco-friendly and energy-efficient, these bulbs offer long-lasting performance without compromising on style or warmth. They're the perfect blend of form and function—because lighting should feel as good as it looks.
