Stem Evo L
P. 310

Diseñado para espacios en movimiento, Stem Evo ofrece cuerpo compacto o con tija, con luz o sin ella. Cuatro acabados de palas —blanco, negro, madera clara y oscura— combinan con cuerpos en blanco o negro para crear armonías únicas.

Designed for spaces in motion, Stem Evo is available with a compact body or with a downrod, with or without light. Four blade finishes —white, black, light wood, and dark wood— pair with white or black bodies to create unique harmonies.

Conçu pour des espaces en mouvement, Stem Evo est proposé avec un corps compact ou avec tige, avec ou sans lumière. Quatre finitions de pales —blanc, noir, bois clair et bois foncé— s'associent à des corps blancs ou noirs pour créer des harmonies uniques.

Con múltiples combinaciones Stem Evo se transforma según el espacio, manteniendo siempre su esencia: equilibrio, funcionalidad y una elegancia atemporal.

With multiple combinations, Stem Evo adapts to each space while always maintaining its essence: balance, functionality, and timeless elegance.

Grâce à ses multiples combinaisons, Stem Evo se transforme selon l'espace, tout en conservant toujours son essence : équilibre, fonctionnalité et élégance intemporelle.
